Services Provided By WRAP To Clients in 13 Counties in West Tennessee

A major part of WRAP's work is to provide services for victims of domestic violence and sexual assault. These include:

- A 24-hr crisis line, available seven days a week, offering crisis counseling, services, information and referrals;
- Individual and group counseling to deal with the impact of domestic violence and also providing therapy to sexual assault victims;
- Emergency shelter for domestic violence victims and their children;
- Assistance to clients at the emergency room; accompanying them to court;
- Public education, including programs on sexual assault, child sexual abuse, prevention, domestic violence; and self defense to church, school and community groups. The mission of Wo/Men's Resource & Rape Assistance Program is to empower adult and child survivors of domestic and/or sexual violence to enhance the quality of their lives. WRAP collaborates with the community in striving for a violence free society.
